Prepared for AI + WordPress Ecommerce Full Course

Student PDF

এই PDF কীভাবে ব্যবহার করবেন

প্রতিটি prompt-এর bracket অংশগুলো নিজের project অনুযায়ী replace করুন। Example: [Business Name], [Target Audience], [Main Goal].

Class Goal

- AI দিয়ে website page list তৈরি করা
- Homepage section order plan করা
- Header/footer menu তৈরি করা
- CTA এবং trust section idea নেওয়া
- Mobile-first structure তৈরি করা

Prompt দেওয়ার আগে Ready রাখুন

- Website type
- Business/product name
- Target audience and location
- Main goal: order, lead, booking, inquiry
- Design style and required features

Input	Example	Why Important
Website Type	WooCommerce Fashion Store	AI বুঝবে কোন structure দরকার
Target Audience	Bangladesh young men	Section, CTA এবং copy audience অনুযায়ী হবে
Main Goal	Get product orders	Structure conversion-focused হবে
Design Style	Orange and black, modern	Layout direction clear হবে
Output Format	Page list + homepage sections + CTA	AI organized answer দিবে

Class Tip: ছোট prompt দিলে AI generic answer দেয়। Website type, audience, goal, design style এবং output format clear করলে professional structure পাওয়া যায়।

Student Assignment

Assignment 1 - Ecommerce Structure

একটি fashion ecommerce brand-এর জন্য prompt ব্যবহার করে website structure generate করুন। Output-এ page list, menu, homepage sections, shop page, product page এবং checkout flow থাকতে হবে।

Assignment 2 - Grocery Store Structure

একটি grocery ecommerce website-এর জন্য product category, delivery area, homepage section এবং checkout flow সহ structure তৈরি করুন।

Assignment 3 - Client Brief to Structure

একটি fake client brief লিখুন এবং সেই brief থেকে AI দিয়ে website structure তৈরি করুন। এরপর কোন section দরকার আর কোনটা বাদ দেওয়া যায় তা identify করুন।

Main Message: Website design শুরু করার আগে structure clear করলে design faster, content better এবং client communication professional হয়। AI prompt ব্যবহার করলে planning process সহজ হয়, কিন্তু prompt অবশ্যই clear এবং goal-focused হতে হবে।
